ADDITIONAL SLINS

Additional SLINs will be unilaterally created by the Contracting Officer during the performance of this task order to accommodate the multiple types of funds that will be used under this order. These modifications will not change the overall level of effort, estimated cost, or fixed fee of the task order.

.

HQ B-2-0004 - EXPEDITING ORDER CLOSEOUT (NAVSEA) (DEC 1995)

(a) As part of the negotiated total estimated amount of this order, both the Government and the Contractor have agreed to waive any entitlement that otherwise might accrue to either party in any residual dollar amount of \$500 or less at the time of final order closeout. The term "residual dollar amount" shall include all money that would otherwise be owed to either party at the end of the order, except that, amounts connected in any way with taxation, allegations of fraud and/or antitrust violations shall be excluded. For purposes of determining residual dollar amounts, offsets of money owed by one party against money that would otherwise be paid by that party may be considered to the extent permitted by law.

(b) This agreement to waive entitlement to residual dollar amounts has been considered by both parties. It is agreed that the administrative costs for either party associated with collecting such small dollar amounts could exceed the amount to be recovered.

CONTRACT NO. N00178-04-D-4047	DELIVERY ORDER NO. 0005	AMENDMENT/MODIFICATION NO. 55	PAGE 26 of 94	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

SECTION C DESCRIPTIONS AND SPECIFICATIONS

The Task Order Statement of Work (paragraphs C.1 through C.7) has been moved to Attachment J.2.

C.7 SECURITY

The Department of Defense Contract Security Classification Specification (DD Form 254), provides the security classification requirements for this order. The contractor shall obtain facility and personnel security clearances as required by the Department Industrial Security Program prior to starting to work on tasks requiring clearances. Access to classified spaces and material and generation of classified material shall be in accordance with the attached DD Form 254.

C.8 INFORMATION SECURITY AND COMPUTER SYSTEM USAGE

In accordance with U.S. Navy policy, any personnel, including the contractor, who utilizes DOD-owned systems shall assume responsibility for adherence to restrictions regarding internet and e-mail usage. Navy policy prohibits racist, sexist, threatening, pornographic, personal business, subversive or politically partisan communications. All personnel, including the contractor, are accountable and must act accordingly. DOD computer systems are monitored to ensure that the use is authorized, to facilitate protection against unauthorized access, and to verify security procedures, survivability and operational security. During monitoring, information may be examined, recorded, copied, and used for authorized purposes. All information, including personal information, placed on or sent over a DOD system may be monitored. Use of a DOD system constitutes consent to monitoring. Unauthorized use may result in criminal prosecution. Evidence of unauthorized use collected during monitoring may be used as a basis for recommended administrative, criminal or adverse action.

USE OF INFORMATION SYSTEM (IS) RESOURCES

Contractor Provision of IS Resources

Except in special circumstances explicitly detailed elsewhere in this document, the Contractor shall provide all IS resources needed in the performance of this contract. This includes, but is not limited to, computers, software, networks, and addresses.

Contractor Use of NSWCDD IS Resources

In the event that the contractor is required to have access to NSWCDD IS resources, the login name (common id) and associated information shall be registered with the NSWCDD site issuing authority.

If this contract requires that the contractor be granted access and use of NSWCDD IS resources (at any site), the IS shall be accredited for contractor use in accordance with procedures specified by the IS Security Office. The accreditation shall include TOM certification that the use and access is required by this contract.

Connections Between NSWCDD and Contractor Facilities

If there is a requirement (specifically delineated elsewhere in this contract) for interconnection between any facilities and/or ISs owned or operated by the contractor, such interconnection shall take place only after approval from the NSWCDD IS Security Office. All such connections as well as the ISs connected thereto will be accredited (operated at an acceptable risk) by the appropriate NSWCDD Designated Approving Authority (DAA) and comply with the requirements of DODDIR 5200.28 regarding Memorandums of Agreement. All such connections will be made outside the appropriate NSWCDD firewall.

Accreditation of Contractor-owned ISs

All ISs used in the performance of this contract will be accredited by the cognizant NSWCDD DAA. ISs processing

CONTRACT NO. N00178-04-D-4047	DELIVERY ORDER NO. 0005	AMENDMENT/MODIFICATION NO. 55	PAGE 27 of 94	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

classified information will be accredited by DIS.

Use of Contractor Personnel to Perform IS Security Tasking

General – Personnel performing IS security related tasking must have successfully completed training and demonstrate proficiency in the following areas: Information System Security Awareness, Security Domains, Incident Handling, and Auditing Concepts.

Architecture Specific – Personnel assigned to perform IS security related tasking for a specific area must be trained and demonstrate proficiency in that area. Typical examples include, but are not limited to: networking, processing classified information, Internet Protocols, Unix, Novell, and Microsoft operating systems.

Replacement or New IS Security Personnel - The contractor shall provide evidence that new and replacement IS personnel, unless they are Key Personnel, meet the above requirements and forward such information to the TOM for review and approval by the Information Systems Security Office. Failure to meet the requirements herein may result in rejection of the person or persons. Replacement of IS personnel designated as Key Personnel will be in accordance with the Key Personnel provision contained herein.

DIGITAL DELIVERY OF DATA

(a) Delivery by the Contractor to the Government of certain technical data and other data is now frequently required in digital form rather than as hard copy. Such delivery may cause confusion between data rights and computer software rights. It is agreed that, to the extent that any such data is computer software by virtue of its delivery in digital form, the Government will be licensed to use that digital-form data with exactly the same rights and limitations as if the data had been delivered as hard copy.

(b) Any limited rights legends or other allowed legends placed by a Contractor on technical data or other data delivered in digital form shall be digitally included on the same media as the digital-form data and must be associated with the corresponding digital-form technical data to which the legends apply to the extent possible. Such legends shall also be placed in human-readable form on a visible surface of the media carrying the digital-form data as delivered, to the extent possible.

Ddl-C41 TERMINATION OF EMPLOYEES WITH NSWCCD BASE ACCESS

The contractor shall insure that all employees who have a NSWCCD badge and/or bumper sticker turn-in the badge and remove the bumper sticker immediately upon termination of their employment under this contract. The above requirement shall be made a part of the standard employee facility clearance procedures for all separated personnel. The contractor shall advise NSWCCD Physical Security of all changes in their contract personnel requiring NSWCCD base access.

For involuntarily separated personnel and those separated under adverse circumstances, the contractor shall notify NSWCCD Physical Security in advance of the date, time and location where the NSWCCD representative may physically remove the employee's automobile bumper sticker and retrieve the NSWCCD badge prior to the employee departing the contractor's facility. In the event the employee is separated in his or her absence, the contractor shall immediately notify NSWCCD Physical Security of the separation and make arrangements between the former employee and NSWCCD Physical Security for the return of the badge and removal of the sticker.

----------------------------------	----------------------------	----------------------------------	------------------	-------

SECTION D PACKAGING AND MARKING

Packaging and Marking shall be in accordance with Section D of the SEAPORT-e Contract.

DATA PACKAGING LANGUAGE

All unclassified data shall be prepared for shipment in accordance with best commercial practice.

Classified reports, data, and documentation shall be prepared for shipment in accordance with National Industrial Security Program Operating Manual (NISPOM) DoD 5220.22-M dated January 1995.

HQ D-2-0008 - MARKING OF REPORTS (NAVSEA)(SEP 1990)

All reports delivered by the contractor to the Government under this task order shall prominently show on the cover of the report:

- (1) Name and business address of the contractor
- (2) Contract Number
- (3) Task Order Number

CONTRACT NO. N00178-04-D-4047	DELIVERY ORDER NO. 0005	AMENDMENT/MODIFICATION NO. 55	PAGE 29 of 94	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

SECTION E INSPECTION AND ACCEPTANCE

Inspection and Acceptance will be performed at NSWCDD, Dahlgren, VA by the Task Order Manager (TOM).

PERFORMANCE BASED TASK ORDER REVIEW AND ACCEPTANCE PROCEDURES

(a) This is a performance based Task Order as defined in FAR Part 37.6. Contractor performance will be evaluated in accordance with the Quality Assurance Surveillance Plan (QASP) that is provided below.

(b) The QASP defines this evaluation and acceptance to be part of the annual Contractor Performance Reporting System (CPARS). The contractor may obtain more information regarding the CPARS process at the following internet site:

<http://cpars.navy.mil>

QUALITY ASSURANCE SURVEILLANCE PLAN

1.0 The contractor's performance will be evaluated through the Contractor Performance Assessment Reporting System (CPARS). The CPARS evaluation is accomplished on an annual basis. The CPARS evaluation will be based on all work performed (in whole or in part) during the previous 12-month period. The primary Government official responsible for the CPARS evaluation is the Task Order Manager (TOM) for the contract. The TOM may be assisted, as necessary, by other Government individuals having information relevant to the quality of contractor performance.

2.0 Contractor performance will be assessed on a continuing basis throughout the year based on review of deliverables (technical and management), technical meetings, formal In-Progress Reviews, and general contacts with the contractor.

3.0 Contractor performance will be evaluated in five general areas. A rating of Exceptional, Very Good, Satisfactory, Marginal or Unsatisfactory will be assigned to each area. These general areas are described below. The items identified under each area represent the types of considerations to be addressed. They should not be considered an exclusive list. The degree of Government technical direction necessary to solve problems that arise during performance will be a consideration for each area. Improvements made in an area during the evaluation period will also be considered as will degradation in the overall quality of performance.

3.1 Quality of Product or Service - Addresses the extent to which the contractor (a) met contract technical requirements, including the accuracy and completeness of reports/data delivered; (b) employed methods and approaches to ensure fully successful performance; (c) consistently conveyed his intended approach clearly and completely to ensure that there were no surprises; (d) was proactive and demonstrated initiative; and (e) remained flexible to internal or external changes.

3.2 Schedule - Addresses the extent to which the contractor met contract schedules, including the need for deadline extensions.

3.3 Cost Control - Addresses the contractor's overall effectiveness in controlling both direct and indirect costs as well as the incidence of cost overruns.

3.4 Business Relations - Addresses the responsiveness of the contractor's upper-level management to Government concerns and needs, the effectiveness of the contractor's management interface with the Government, and the overall cooperativeness and receptiveness of the contractor in dealing with the Government on both technical and management issues.

3.5 Management of Key Personnel - Addresses the overall quality of the contractor's team, including relevant experience, skill levels and expertise as well as the degree of compliance with the terms of the contract regarding Key Personnel. Also includes the effectiveness of the contractor's efforts to retain or attract qualified personnel.

CONTRACT NO. N00178-04-D-4047	DELIVERY ORDER NO. 0005	AMENDMENT/MODIFICATION NO. 55	PAGE 30 of 94	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

QASP EVALUATION RATING LEVELS

Exceptional: Performance meets contractual requirements and exceeds many to the Government's benefit. The contractual performance of the element or sub-element being assessed was accomplished with few minor problems for which corrective actions taken by the contractor were highly effective.

Very Good: Performance meets contractual requirements and exceeds some to the Government's benefit. The contractual performance of the element or sub-element being assessed was accomplished with some minor problems for which corrective actions taken by the contractor were effective.

Satisfactory: Performance meets contractual requirements. The contractual performance of the element or sub-element contains some minor problems for which corrective actions taken by the contractor appear or were satisfactory.

Marginal: Performance does not meet some contractual requirements. The contractual performance of the element or sub-element being assessed reflects a serious problem for which the contractor has not yet identified corrective actions. The contractor's proposed actions appear only marginally effective or were not fully implemented.

Unsatisfactory: Performance did not meet most contractual requirements and recovery is not likely in a timely manner. The contractual performance of the element or sub-element being assessed contains serious problem(s) for which the contractor's corrective actions appear or were ineffective.

SECTION F DELIVERABLES OR PERFORMANCE

The periods of performance for the following firm items are listed below:

BASE PERIOD LABOR: CLIN 1000 14 February 2006 to 31 August 2006
 BASE PERIOD ODC: CLIN 3000 14 February 2006 to 31 August 2006

.
 The period of performance for the following option items follow:

OPTION 1 LABOR: CLIN 1001 01 September 2006 to 31 August 2007
 OPTION 1 ODC: CLIN 3001 01 September 2006 to 31 August 2007

.
 OPTION 2 LABOR CLIN 1002 01 September 2007 to 31 August 2008
 OPTION 2 ODC: CLIN 3002 01 September 2007 to 31 August 2008

.
 OPTION 3 LABOR: CLIN 1003 01 September 2008 to 31 August 2009
 OPTION 3 ODC: CLIN 3003 01 September 2008 to 31 August 2009

.
 OPTION 4 LABOR: CLIN 4004 01 September 2009 to 31 August 2010
 OPTION 4 ODC: CLIN 6004 01 September 2009 to 31 August 2010

.
 OPTION 5 LABOR: CLIN 4005 01 September 2010 to 31 August 2011
 OPTION 5 ODC: CLIN 6005 01 September 2010 to 31 August 2011

SECTION G CONTRACT ADMINISTRATION DATA

FUNDING ACRN/TECHNICAL PROJECT CORRELATION TABLE (MOVED TO ATTACHMENT J.8)

FINALIZED FIXED FEE: Based on negotiations with the contractor, the fixed fee for the Base Period and Options 1 and 2 have been finalized at the revised values shown in Section B of the Task Order.

Ddl-H40 FUNDING PROFILE

The funding applied to CLIN 1000 has provided for 14,303 regular hours; 32,509 regular hours for CLIN 1001; 25,180 regular hours for CLIN 1002; 21,889 regular hours for CLIN 1003; and 50,908 regular hours for CLIN 4004.

It is estimated that these incremental funds will provide for 38,817 regular hours for CLIN 4005. This is the "Required LOE" as that term is used in the "Level of Effort" clause of this order. The following details funding to date:

CLIN	TOTAL CPFF	PREVIOUS FUNDS FUNDING	THIS ACTION	REVISED FUNDING	BALANCE UNFUNDED
<u>TASK ORDER BASE PERIOD</u>					
1000	\$1,433,393	\$1,409,141.00	\$ 0.00	\$1,409,141.00	\$ 24,252.00

.SEA 5252.216-9122 LEVEL OF EFFORT (DEC 2000)

(a) The Contractor agrees to provide the total level of effort specified in the next sentence in performance of the work described in the SOW of this order. The total level of effort for the performance of this contract shall be 213,048 total regular man-hours of direct labor, including subcontractor direct labor for those subcontractors specifically identified in the Contractor's proposal as having hours included in the proposed level of effort. The man-hours are listed below. The table below and the blanks in paragraphs (a) and (d) are to be completed by the offeror as part of his proposal.

	TOTAL MANHOURS	COMPENSATED	UNCOMPENSATED
Base Period*	14,303	14,303	0
Option One*	32,509	32,509	0
Option Two*	25,180	25,180	0
Option Three	38,529	38,529	0
Option Four	57,988	57,988	0
Option Five	39,376	39,376	0
Total hours	207,885	207,885	0

*The total hours shown represent the total hours delivered and used to finalize fixed fee for the period(s).

(b) Listed above are both compensated and uncompensated man-hours associated with this order. Uncompensated effort is defined as hours provided by personnel in excess of 40 hours per week without additional compensation for such excess work. Total Time Accounting (TTA) effort is included in this definition. All other effort is defined as compensated effort. If no effort is indicated in the above table, uncompensated/ TTA effort performed by the Contractor shall not be counted in fulfillment of the level of effort obligations under this contract.

(c) Effort performed in fulfilling the total level of effort obligations specified above shall only include effort performed in direct support of this contract and shall not include time and effort expended on such things as (local travel to and from an employee's usual work location), uncompensated effort while on travel status, truncated lunch periods, work (actual or inferred) at an employee's residence or other non-work locations (except as provided in paragraph (j) below), or other time and effort which does not have a specific and direct contribution to the tasks described in Sections B and C.

(d) The level of effort for this contract shall be expended at an average rate of approximately (to be completed for term-type orders) hours per week. It is understood and agreed that the rate of man-hours per month may fluctuate in pursuit of the technical objective, provided such fluctuation does not result in the use of the total man-hours of effort prior to the expiration of the term hereof, except as provided in the following paragraph.

(e) If, during the term hereof, the Contractor finds it necessary to accelerate the expenditure of direct labor to such an extent that the total man hours of effort specified above would be used prior to the expiration of the term, the Contractor shall notify the Contracting Officer in writing setting forth the acceleration required, the probable benefits which would result, and an offer to undertake the acceleration at no increase in the estimated cost or fee together with an offer, setting forth a proposed level of effort, cost breakdown, and proposed fee, for continuation of the work until expiration of the term hereof. The offer shall provide that the work proposed will be subject to the terms and conditions of this contract and any additions or changes required by then current law, regulations, or directives, and that the offer, with a written notice of acceptance by the Contracting Officer, shall constitute a binding contract. The

CONTRACT NO. N00178-04-D-4047	DELIVERY ORDER NO. 0005	AMENDMENT/MODIFICATION NO. 55	PAGE 35 of 94	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

Contractor shall not accelerate any effort until receipt of such written approval by the Contracting Officer. Any agreement to accelerate will be formalized by contract modification.

(f) The Contracting Officer may, by written order, direct the Contractor to accelerate the expenditure of direct labor such that the total man hours of effort specified in paragraph (a) above would be used prior to the expiration of the term. This order shall specify the acceleration required and the resulting revised term. The Contractor shall acknowledge this order within five days of receipt.

(g) If the total level of effort specified in paragraph (a) above is not provided by the Contractor during the period of this contract, the Contracting Officer, at its sole discretion, shall either (i) reduce the fee of this contract as follows:

$$\text{Fee Reduction} = \frac{\text{Fee} \times (\text{Required LOE} - \text{Expended LOE})}{\text{Required LOE}}$$

or (ii) subject to the provisions of the clause of this contract entitled "LIMITATION OF COST" (FAR 52.232-20) or "LIMITATION OF COST (FACILITIES)" (FAR 52.232-21), as applicable, require the Contractor to continue to perform the work until the total number of man hours of direct labor specified in paragraph (a) above shall have been expended, at no increase in the fee of this contract.

(h) The Contractor shall provide and maintain an accounting system, acceptable to the Administrative Contracting Officer and the Defense Contract Audit Agency (DCAA), which collects costs incurred and effort (compensated and uncompensated, if any) provided in fulfillment of the level of effort obligations of this contract. The Contractor shall indicate on each invoice the total level of effort claimed during the period covered by the invoice, separately identifying compensated effort and uncompensated effort, if any.

(i) Within 45 days after completion of the work under each separately identified period of performance hereunder, the Contractor shall submit the following information in writing to the Contracting Officer with copies to the cognizant Contract Administration Office and to the DCAA office to which vouchers are submitted: (1) the total number of man hours of direct labor expended during the applicable period; (2) a breakdown of this total showing the number of man hours expended in each direct labor classification and associated direct and indirect costs; (3) a breakdown of other costs incurred; and (4) the Contractor's estimate of the total allowable cost incurred under the contract for the period. Within 45 days after completion of the work under the contract, the Contractor shall submit, in addition, in the case of a cost underrun; (5) the amount by which the estimated cost of this contract may be reduced to recover excess funds and, in the case of an underrun in hours specified as the total level of effort; and (6) a calculation of the appropriate fee reduction in accordance with this clause. All submissions shall include subcontractor information.

(j) Unless the Contracting Officer determines that alternative worksite arrangements are detrimental to contract performance, the Contractor may perform up to 10% of the hours at an alternative worksite, provided the Contractor has a company-approved alternative worksite plan. The primary worksite is the traditional "main office" worksite. An alternative worksite means an employee's residence or a telecommuting center. A telecommuting center is a geographically convenient office setting as an alternative to an employee's main office. The Government reserves the right to review the Contractor's alternative worksite plan. In the event performance becomes unacceptable, the Contractor will be prohibited from counting the hours performed at the alternative worksite in fulfilling the total level of effort obligations of the contract. Regardless of the work location, all contract terms and conditions, including security requirements and labor laws, remain in effect. The Government shall not incur any additional cost nor provide additional equipment for contract performance as a result of the Contractor's election to implement an alternative worksite plan.

(k) Notwithstanding any of the provisions in the above paragraphs, the Contractor may furnish man hours up to five percent in excess of the total man hours specified in paragraph (a) above, provided that the additional effort is furnished within the term hereof, and provided further that no increase in the estimated cost or fee is required.

PAYMENTS OF FEE(S)LEVEL OF EFFORT)(NAVSEA)(MAY 1993)

(a) For purposes of this delivery order, "fee" means "fixed fee" in cost-plus-fixed-fee level of effort type delivery orders.

(b) The Government shall make payments to the contractor, subject to and in accordance with the clause in this order

CONTRACT NO. N00178-04-D-4047	DELIVERY ORDER NO. 0005	AMENDMENT/MODIFICATION NO. 55	PAGE 36 of 94	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

entitled "FIXED FEE" (FAR 52.216-8) or "INCENTIVE FEE" (FAR 52.216-10, as applicable. Such payments shall be equal to the percentages shown in the below table of the allowable cost of each invoice submitted by and payable to the contractor pursuant to the clause of this contract entitled "ALLOWABLE COST AND PAYMENT" (FAR 52.216-7), subject to the withholding terms and conditions of the "FIXED FEE" or "INCENTIVE FEE" clause, as applicable (percentage of fee is based on fee dollars divided by estimated cost dollars, including facilities capital cost of money). Total fee(s) paid to the contractor shall not exceed the fee amount(s) set forth in this contract.

(c) The fee(s) specified in SECTION B, and payment thereof, is subject to adjustment pursuant to paragraph (g) of the special contract requirement entitled "LEVEL OF EFFORT". If the fee(s) is reduced and the reduced fee(s) is less than the sum of all fee payments made to the contractor under this order, the contractor shall repay the excess amount to the Government. If the final adjusted fee exceeds all the payments to the contractor under this order, the contractor shall be paid the additional amount, subject to the availability of funds. In no event shall the Government be required to pay the contractor any amount in excess of the funds obligated under this order at the time of the discontinuance of work.

(d) Fee(s) withheld pursuant to the terms and conditions of this order shall not be paid until the contract has been modified to reduce the fee(s) in accordance with the "LEVEL OF EFFORT" special contract requirement, or until the Procuring Contracting Officer has advised the paying office in writing that no fee adjustment is required.

FINALIZED FIXED FEE

(a) The fixed fee for each period (Base, Option 1, etc.) will be finalized based on the total number of hours provided (both compensated and uncompensated, if applicable).

(b) If 100% or more of both the compensated and uncompensated hours specified in the clause "LEVEL OF EFFORT" (SEA 5252.216-9122) are provided, the contractor will receive the full fixed fee.

(c) If less than 100% of the compensated and/or uncompensated hours are received, the fixed fee shall be reduced as follows:

Step 1 – The fee will be reduced proportionate to the compensated hours provided – i.e., if 90% of the compensated hours were provided, 90% of the fee will be calculated.

Step 2 – If less than 100% of the uncompensated hours were provided, the fee calculated in Step 1 will be further reduced. Fee will be further reduced by the same percentage that uncompensated hours are deficient, i.e., if uncompensated hours are 20% deficient, then the total fee from Step 1 will be reduced by 20%.

(d) Additional fee will not be provided for technical hours that exceed 100% of the specified hours.

(e) The above fee reduction process applies to all periods regardless of the level of funding. This order will be incrementally funded and budgetary constraints may prevent full funding of all periods. The process for finalizing the fixed fee is the same for both fully funded periods and periods funded at less than the estimated total cost-plus-fixed-fee.

Ddl-G40 PAYMENT, SELECTED ITEMS OF COST REIMBURSEMENT CONTRACTS

(a) Travel Costs (Including Foreign Travel)

(1) Air: The contractor shall, to the maximum extent practicable, minimize overall travel costs by taking advantage of discounted airfare rates available through advance purchase. Charges associated with itinerary changes and cancellation under nonrefundable airline tickets are reimbursable as long as the changes are driven by the work requirement.

(2) Non-reimbursable Travel: The following travel shall not be reimbursed hereunder: travel performed for personal convenience, daily travel to and from work at the contractor's facility (i.e., designated work site) or to and from NSWCDD when NSWCDD is the designated work site.

CONTRACT NO. N00178-04-D-4047	DELIVERY ORDER NO. 0005	AMENDMENT/MODIFICATION NO. 55	PAGE 37 of 94	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

(b) Training

The Government will not allow costs, nor reimburse costs associated with the contractor training employees in an effort to attain and/or maintain minimum personnel qualification requirements of this contract. Other training may be approved on a case-by-case basis by the COR. Attendance at workshops or symposiums is considered training for purposes of this clause.

(c) General Purpose Office Equipment (GPOE) and Information Technology (IT)

The cost of acquisition of GPOE and IT shall not be allowable as direct charges to this contract. The contractor is expected to have the necessary facilities to perform the requirements of this contract, including any necessary GPOE and IT. GPOE means equipment normally found in a business office such as desks, chairs, typewriters, calculators, file cabinets, etc. IT means any equipment or interconnected system or subsystem of equipment that is used in the automatic acquisition, storage, manipulation, movement, control, display, switching, interchange, transmission, or reception of data or information. IT includes computers, ancillary equipment, software, firmware and similar products, services (including support services), and related resources.

5252.232-9001 SUBMISSION OF INVOICES (COST REIMBURSEMENT, TIME AND MATERIALS, LABOR HOUR, OR FIXED PRICE INCENTIVE) (JUL 1992)

(a) "Invoice" as used in this clause includes contractor requests for interim payments using public vouchers (SF 1034) but does not include contractor requests for progress payments under fixed price incentive contracts.

(b) The Contractor shall submit invoices and any necessary supporting documentation, in an original and four (4) copies, to the contract auditor at the following address (to be provided at contract award) unless delivery orders are applicable, in which case invoices will be segregated by individual order and submitted to the address specified in the order. In addition, an information copy shall be submitted to Contract Specialist and the TOM. Following verification, the contract auditor will forward the invoice to the designated payment office for payment in the amount determined to be owing, in accordance with the applicable payment (and fee) clause(s) of this contract.

(c) Invoices requesting interim payments shall be submitted no more than once every two weeks, unless another time period is specified in the Payments clause of this contract. For indefinite delivery type contracts, interim payment invoices shall be submitted no more than once every two weeks for each delivery order. There shall be a lapse of no more than [n/a] calendar days between performance and submission of an interim payment invoice..

(d) In addition to the information identified in the Prompt Payment clause herein, each invoice shall contain the following information, as applicable:

- (1) Contract line item number (CLIN)
 - (2) Subline item number (SLIN)
 - (3) Accounting Classification Reference Number (ACRN)
 - (4) Payment terms
 - (5) Procuring activity
 - (6) Date supplies provided or services performed
 - (7) Costs incurred and allowable under the contract
 - (8) Vessel (e.g., ship, submarine or other craft) or system for which supply/service is provided
- (e) A DD Form 250, "Material Inspection and Receiving Report",

_____ is required with each invoice submittal.

CONTRACT NO. N00178-04-D-4047	DELIVERY ORDER NO. 0005	AMENDMENT/MODIFICATION NO. 55	PAGE 38 of 94	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

_____ is required only with the final invoice.

X is not required.

(f) A Certificate of Performance

_____ shall be provided with each invoice submittal.

X is not required.

(g) The Contractor's final invoice shall be identified as such, and shall list all other invoices (if any) previously tendered under this contract.

(h) Costs of performance shall be segregated, accumulated and invoiced to the appropriate ACRN categories to the extent possible. When such segregation of costs by ACRN is not possible for invoices submitted with CLINS/SLINS with more than one ACRN, an allocation ratio shall be established in the same ratio as the obligations cited in the accounting data so that costs are allocated on a proportional basis.

(i) When a vendor invoice for a foreign currency is provided as supporting documentation, the Contractor shall identify the foreign currency and indicate on the vendor invoice the rate of exchange on the date of payment by the Contractor. The Contractor shall also attach a copy of the bank draft or other suitable documents showing the rate of exchange. The contractor shall provide an English translation if the vendor invoice is written in a foreign language.

Ddl-G12 POST-AWARD CONFERENCE

(a) A Post-Award Conference with the successful offeror will be conducted within 14 working days after award of the contract. The conference will be held at NSWCCD, Code B20.

(b) The contractor will be given five working days notice prior to the date of the conference by the Contracting Officer.

(c) The requirement for a post-award conference shall in no event constitute grounds for excusable delay by the Contractor in performance of any provisions in the contract.

SECTION H SPECIAL CONTRACT REQUIREMENTS

MANDATORY REQUIREMENTS

The following are mandatory requirements that must be met for an offeror to be considered eligible for the order and must be maintained through the life of the order. Any offeror not meeting each of these mandatory requirements (shall have an acceptable plan for meeting the requirements by contract award):

1. The contractor's primary facility for supporting this effort must be located within 60 minutes travel time of Dahlgren, VA. That facility is required to be cleared to the TOP SECRET level with TOP SECRET storage capability.
2. The following Key Personnel require final TOP SECRET clearances upon award of the order: Principal Scientist, Principal Electrical Engineer, Senior Electromagnetics Modeling and Simulation Engineer, Senior Systems Engineer, Senior Electro-Optical and Laser Scientist, Senior Foreign Military Technology Analyst, and Senior Data Analyst. The remainder of the technical personnel must have a security clearance of at least SECRET before working on the order.

KEY PERSONNEL LABOR CATEGORY DESIRED QUALIFICATION LEVELS

To perform the requirements of the Statement of Work, the Government desires personnel with the appropriate experience and professional development qualifications.

(a) Experience - The experience levels for each Key Personnel labor category are identified below. These levels are considered to be "desired" for those individuals whose resumes are submitted for evaluation with the proposal. Resumes for any replacement personnel that are submitted following award shall be equal to or better than the individuals initially proposed as required by the clause entitled Ddl-H11 CHANGES IN KEY PERSONNEL in this Section H. Following award, the qualification levels are considered to be minimums for any growth beyond those individuals initially proposed or in labor categories where no resumes were required for proposal purposes.

KEY PERSONNEL – DESIRED QUALIFICATIONS

To perform the requirements of the Statement of Work, the Government desires personnel with the appropriate experience and professional development qualifications.

- a. Experience – The desired experience for each Key Labor category is contained on Attachment J.5 and Attachment J.6 lists the desired experience for the Non-Key categories.
- b. Professional Development – Professional development includes honors, degrees, publications, professional licenses and certifications and similar evidence of professional accomplishments that directly impact the offeror's ability to perform the contract. The years of experience listed in Attachment J.5 are in addition to appropriate professional development. It is incumbent upon the offeror to demonstrate that the proposed personnel have appropriate credentials to perform the work.
- c. Accumulation of Qualifying Experience – Categories of experience may be accumulated concurrently.

Ddl-H14 KEY PERSONNEL – DESIRED QUALIFICATIONS

To perform the requirements of the Statement of Work, the Government desires Key Personnel with the following qualifications:

Experience – The desired specific experience for each position is listed below. This experience should be directly related to tasks and technology areas listed in the statement of work. In addition, general experience in engineering or physics or another field appropriate to the labor category employing skills that apply to the accomplishment of the technical objectives of the statement of work is a plus and will be favorably considered in mitigating risk for an

----------------------------------	----------------------------	----------------------------------	------------------	-------

individual lacking the desired specific experience.

(a) Principal Scientist - Fifteen (15) years experience in laboratory/field research, development, test, and evaluation related to electromagnetic and electronic sensor systems, preferably in U.S. Navy/Joint warfare applications. It is further desired that this experience includes: (1) Performance of detailed analysis of sensor system design; (2) Planning for and conducting laboratory and field characterization and radiometric measurements utilizing a wide variety of instrumentation; (3) Development and evaluation of accurate measurement techniques; (4) Organization and conduct of large-scale field tests, (5) Experience with NATO-related programs and with the foreign materiel acquisition process; and (6) Current or recent (within the past three years) experience on directed energy research and development programs.

(b) Principal Electrical Engineer - Fifteen (15) years experience in the design, development, and implementation of multi-spectral electronic warfare systems applications, including High Power Microwave (HPM) systems. It is further desired that this experience includes: (1) Current or recent (within the last three years) experience with directed energy research and development programs; and (2) Extensive experience with DoD operational, research and development, and intelligence organizations in directed energy weapons technology.

(c) Senior Electromagnetics Modeling & Simulation Engineer - Ten (10) years experience in the development of physics-based modeling and simulation of electromagnetic generation, radiation, propagation, and interaction phenomena. It is further desired that this experience includes: (1) Experience with Method-of Moments techniques and Finite Difference approaches; (2) Use of existing code and development of new algorithms and techniques; and (3) Current or recent experience (within the last three years) in the applications of electromagnetic modeling & simulation to directed energy problems.

(d) Senior Systems Engineer - Ten (10) years of experience in experimental research and systems engineering programs, preferably for U.S. Navy/Joint warfare applications. It is further desired that this experience includes: (1) Four (4) years experience in utilizing systems engineering techniques and procedures for the development of systems for the U.S. Navy; and (2) Current or recent (within the last three years) experience with directed energy research and development programs.

(e) Senior Electro-Optical and Laser Scientist - Ten (10) years of experience in the design, development, and implementation of visible/infrared sensors, laser systems, and complex optical systems is desired. It is further desired that this experience includes: (1) Five (5) years experience on E-O/IR research and development, preferably for U.S. Navy/Joint warfare applications; (2) Design and development of complex optical, mechanical, and electrical devices; (3) Assessment of foreign military threats as related to laser vulnerabilities and (4) Current or recent (within four years) experience with a High Energy Laser (HEL) program.

(f) Senior Foreign Military Technology Analyst - Ten (10) years of experience in the assessment of foreign military technologies. It is further desired that this experience includes: (1) Experience with former Soviet block countries and NATO countries is desired; and (2) Recent experience (within the last five years) in DoD-related foreign technology assessment programs.

(g) Senior Electronics Designer – Ten (10) years experience in the design, development, testing, and production of digital and analog circuits and systems is desired. It is further desired that this experience includes: (1) CAD-based design for circuit board layout and fabrication, and enclosure design and fabrication; (2) Experience with micro-controller coding techniques, including real-time operating systems; and (3) Current or recent (within the last three years) experience in the development of circuits for pulsed power applications.

(h) Senior Data Analyst - Ten (10) years experience in performing analysis, modeling, and simulation of high power electromagnetic effects, preferably for U.S. Navy applications is desired. It is further desired that this experience includes: (1) Current experience in performing High Power Microwave model validation studies and analyses, including statistical and Monte Carlo analysis, experimental error analysis, and model sensitivity analysis is desired; (2) Current (within the past five years) experience with UNIX-based computer hardware and software systems; and (c) Current or recent (within the past three years) experience in the analysis of electronic system vulnerabilities as they relate to high-power RF/Microwave sources.

(i) Senior Pulsed Power Technician – Ten (10) years experience in supporting the design, development, test, and evaluation of a wide variety of pulsed power systems is desired. It is further desired that this experience includes: (1) Experience with high voltage, high peak power spark-gaps, high-voltage power supplies, fast transient diagnostics,

----------------------------------	----------------------------	----------------------------------	------------------	-------

and EMI/EMC mitigation techniques; and (2) Current or recent (within the last three years) experience in the fabrication and testing of HPM sources is desired.

(j) Senior Electronics Technician – Ten (10) years experience in supporting the design, development, test, and evaluation of a wide variety of electronic and electromagnetic sensors and systems is desired. It is further desired that this experience includes: (1) Current or recent (within the last three years) experience in the fabrication and testing of HPM sources is desired; (2) Set-up and conduct of laboratory and field tests; (3) Design and fabrication of electronic and electro-mechanical components and subsystems; and (4) Integration of measurement suites for land, ship, and air platforms.

(k) Radio Frequency Engineer – Five (5) years of experience in the design, development, and implementation of digital hardware and software related to RF systems. It is further desired that this experience includes: (a) Setup and use of RF/Microwave signal generation and test equipment; (b) Experience with vacuum devices and high power (multi-kW) RF systems; and (c) Experience digital signal processing and computer programming.

(l) Mid-level Physicist/ Electrical Engineer - Five (5) years of experience in laboratory/field research, development, test, and evaluation related to electromagnetic and electronic sensor systems, preferably for U.S. Navy warfare applications is desired. It is further desired that this experience includes; (1) Performance of detailed analysis of RF and optical sensor system design (2) Conducting laboratory and field characterization and radiometric measurements utilizing a wide variety of instrumentation; (3) Development and evaluation of accurate measurement techniques; and (4) Recent experience (within last three years) on U.S. Navy directed energy research and development programs.

(m) Mid-level Mechanical Engineer - Five (5) years of experience in mechanical design and integration is desired. It is further desired that this experience includes: (1) Integration of sensor systems into land, airborne, and ship platforms; (2) Integration of sensor systems into precision pointing and tracking systems for land, air, and ship applications; (3) Current (WHY CURRENT?) experience using AutoCAD and SolidWorks software; and (4) Design of high voltage systems, RF systems, and antenna systems.

(n) Senior Security Specialist – Ten (10) years of experience in DoD security management, to include Secret, Top Secret and Special Access Program (SAP) policies and procedures. It is further desired that this experience include the planning and conduct of the security procedures necessary to hold classified technical meetings, workshops, and conferences including those conducted at the TOP SECRET level.

Ddl-H15 NON-KEY PERSONNEL – MINIMUM QUALIFICATIONS

(a) Physicist/Electrical Engineer - Two (2) years experience in the design and construction of digital and analog electronic control systems is required. This shall include experience with standard laboratory instrumentation (oscilloscopes, signal generators, etc.).

(b) Computer/Networking Technician - Two (2) years of experience in installing and maintaining SGI, SUN, and PC computer systems with associated peripherals and network equipment, including network infrastructure equipment. Experience in setting up and maintaining multiple operating systems such as IRIX, Linux, Solaris, and Windows.

(c) Electronics Technician - Three (3) years of experience in the operation, troubleshooting, and repair of a wide variety (?) of electronic, optical, and electromagnetic sensors and supporting instrumentation. This shall include (1) Experience in operating and maintaining support equipment such as vacuum systems, cryogenic equipment, data analysis workstations, high voltage systems, and electrical and electronic test equipment; (2) Experience in setting up and conducting laboratory and field tests; (3) Design and fabrication of electronic and electro-mechanical components and subsystems; and (4) Integration of measurement suites for land, ship, and air platforms.

(d) Security Specialist - One (1) year of experience in DoD security policies and procedures, including the management and logging of classified information.

(e) Technical Writer - Five (5) years of experience in the preparation, review, and formalization of technical reports and conference proceedings. This shall include experience in Navy security procedures and classified document tracking and maintenance and with Navy, or comparable, directed energy and EW research and development programs.

(f) Technical Support - One (1) year experience that focuses on providing test support in a laboratory or field-test

CONTRACT NO. N00178-04-D-4047	DELIVERY ORDER NO. 0005	AMENDMENT/MODIFICATION NO. 55	PAGE 89 of 94	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

environment, low-level data analysis, and related technical support. This labor category does not include administrative work in support of the Government or the contractor.

Ddl-H11 CHANGES IN KEY PERSONNEL

(a) The Contractor agrees that a partial basis for award of this contract is the list of key personnel proposed. Accordingly, the Contractor agrees to assign to this contract those key persons whose resumes were submitted with the proposal necessary to fulfill the requirements of the contract. No substitution shall be made without prior notification to and concurrence of the Contracting Officer in accordance with this requirement.

(b) The contractor agrees that during the first 180 days of the period of performance no key personnel substitutions will be permitted unless such substitutions are necessitated by an individual's sudden illness, death, or termination of employment. All proposed substitutions shall have qualifications equal to or higher than the qualifications of the person to be replaced. The Contracting Officer shall be notified in writing of any proposed substitution at least fifteen (15) days, or thirty (30) days if a security clearance is to be obtained, in advance of the proposed substitution. Such notification shall include:

- (1) An explanation of the circumstances necessitating the substitution;
- (2) A complete resume of the proposed substitute;
- (3) The hourly rates of the incumbent and the proposed substitute; and
- (4) Any other information requested by the Contracting Officer to enable him/her to judge whether or not the Contractor is maintaining the same high quality of personnel that provided the partial basis for award.

(c) In the event a requirement to increase the specified level of effort for a designated labor category, but not the overall level of effort of the contract, occurs, the Contractor shall submit to the Contracting Officer a written request for approval to add personnel to the designated labor category. The same information as specified in paragraph (b) above is to be submitted with the request.

(d) The Contracting Officer shall evaluate requests for changes in personnel and promptly notify the Contractor, in writing, whether the request is approved or disapproved.

Ddl-H12 KEY PERSONNEL – POST AWARD ADMINISTRATION

Upon contract award, the desired qualifications as stated herein, will become minimum qualifications for any growth in Key Personnel categories beyond those individuals originally proposed.

Ddl-H13 POST AWARD CONTRACTOR PERSONNEL APPROVAL

(a) Requests for post award approval of additional and/or replacement key and non-key personnel may be submitted via e-mail. E-mail submissions shall be made simultaneously to the Contract Specialist and the TOM. Electronic notification via e-mail from the Contract Specialist will serve as written approval/ disapproval on behalf of the Contracting Officer.

(b) It is desired that resumes be submitted in the format required in solicitation Section L for original proposal submission. However, in order to expedite contract administration, contractor format may be used.

(c) A cover letter shall be included which clearly demonstrates how the proposed resume clearly meets contract requirements.

(d) If the employee is not a current employee of the contractor (or a subcontractor), a copy of the accepted offer letter (which identifies a projected start date and the agreed to annual salary) shall be provided.

CONTRACT NO. N00178-04-D-4047	DELIVERY ORDER NO. 0005	AMENDMENT/MODIFICATION NO. 55	PAGE 90 of 94	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

(a) Performance of the work hereunder may be subject to written technical instructions issued electronically by the Contract Specialist on behalf of the Contracting Officer. As used herein, technical instructions are defined to include the following:

(1) Directions to the Contractor which suggest pursuit of certain lines of inquiry, shift work emphasis, fill in details or otherwise serve to accomplish the contractual statement of work.

(2) Guidelines to the Contractor which assist in the interpretation of drawings, specifications, or technical portions of work description.

(b) Technical instructions must be within the general scope of work stated in the contract. Technical instructions may not be used to: (1) assign additional work under the contract; (2) direct a change as defined in the "CHANGES" clause of this contract; (3) increase or decrease the contract price or estimated contract amount (including fee), as applicable, the level of effort, or the time required for contract performance; or (4) change any of the terms, conditions or specifications of the contract.

(c) If, in the opinion of the Contractor, any technical instruction calls for effort outside the scope of the contract or is inconsistent with this requirement, the Contractor shall notify the Contracting Officer in writing within ten (10) working days after the receipt of any such instruction. The Contractor shall not proceed with the work affected by the technical instruction unless and until the Contractor is notified by the Contracting Officer that the technical instruction is within the scope of this contract.

(d) Nothing in the foregoing paragraph shall be construed to excuse the Contractor from performing that portion of the contractual work statement which is not affected by the disputed technical instruction.

HQ C-2-0037 ORGANIZATIONAL CONFLICT OF INTEREST (NAVSEA)(JUL 2000)

(a) "Organizational Conflict of Interest" means that because of other activities or relationships with other persons, a person is unable or potentially unable to render impartial assistance or advice to the Government, or the person's objectivity in performing the order work is or might be otherwise impaired, or a person has an unfair competitive advantage. "Person" as used herein includes Corporations, Partnerships, Joint Ventures, and other business enterprises.

(b) The Contractor warrants that to the best of its knowledge and belief, and except as otherwise set forth in the order, the Contractor does not have any organizational conflict of interest(s) as defined in paragraph (a).

(c) It is recognized that the effort to be performed by the Contractor under this order may create a potential organizational conflict of interest on the instant order or on a future acquisition. In order to avoid this potential conflict of interest, and at the same time to avoid prejudicing the best interest of the Government, the right of the Contractor to participate in future procurement of equipment and/or services that are the subject of any work under this order shall be limited as described below in accordance with the requirements of FAR 9.5.

(d) (1) The Contractor agrees that it shall not release, disclose, or use in any way that would permit or result in disclosure to any party outside the Government any information provided to the Contractor by the Government during or as a result of performance of this order. Such information includes, but is not limited to, information submitted to the Government on a confidential basis by other persons. Further, the prohibition against release of Government provided information extends to cover such information whether or not in its original form, e.g., where the information has been included in Contractor generated work or where it is discernible from materials incorporating or based upon such information. This prohibition shall not expire after a given period of time.

(2) The Contractor agrees that it shall not release, disclose, or use in any way that would permit or result in disclosure to any party outside the Government any information generated or derived during or as a result of performance of this order. This prohibition shall expire after a period of three years after completion of performance of this order.

(3) The prohibitions contained in subparagraphs (d)(1) and (d)(2) shall apply with equal force to any affiliate of the Contractor, any subcontractor, consultant, or employee of the Contractor, any joint venture involving the Contractor, any entity into or with which it may merge or affiliate, or any successor or assign of the Contractor. The terms of paragraph (f) of this Special Order Requirement relating to notification shall apply to any release of information in

CONTRACT NO. N00178-04-D-4047	DELIVERY ORDER NO. 0005	AMENDMENT/MODIFICATION NO. 55	PAGE 91 of 94	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

contravention of this paragraph (d).

(e) The Contractor further agrees that, during the performance of this order and for a period of three years after completion of performance of this order, the Contractor, any affiliate of the Contractor, any subcontractor, consultant, or employee of the Contractor, any joint venture involving the Contractor, any entity into or with which it may subsequently merge or affiliate, or any other successor or assign of the Contractor, shall not furnish to the United States Government, either as a prime contractor or as a subcontractor, or as a consultant to a prime contractor or subcontractor, any system, component or services which is the subject of the work to be performed under this order. This exclusion does not apply to any recompetition for those systems, components, or services furnished pursuant to this order.

As provided in FAR 9.505-2, if the Government procures the system, component, or services on the basis of work statements growing out of the effort performed under this order, from a source other than the contractor, subcontractor, affiliate, or assign of either, during the course of performance of this order or before the three year period following completion of this order has lapsed, the Contractor may, with the authorization of the cognizant Contracting Officer, participate in a subsequent procurement for the same system, component, or service. In other words, the Contractor may be authorized to compete for procurement(s) for systems, components, or services subsequent to an intervening procurement.

(f) The Contractor agrees that, if after award, it discovers an actual or potential organizational conflict of interest, it shall make immediate and full disclosure in writing to the Contracting Officer. The notification shall include a description of the actual or potential organizational conflict of interest, a description of the action, which the Contractor has taken or proposes to take to avoid, mitigate, or neutralize the conflict, and any other relevant information that would assist the Contracting Officer in making a determination on this matter. Notwithstanding this notification, the Government may terminate the order for the convenience of the Government if determined to be in the best interest of the Government.

(g) Notwithstanding paragraph (f) above, if the Contractor was aware, or should have been aware, of an organizational conflict of interest prior to the award of this order or becomes, or should become, aware of an organizational conflict of interest after award of this order and does not make an immediate and full disclosure in writing to the Contracting Officer, the Government may terminate this order for default.

(h) If the Contractor takes any action prohibited by this requirement or fails to take action required by this requirement, the Government may terminate this order for default.

(i) The Contracting Officer's decision as to the existence or nonexistence of an actual or potential organizational conflict of interest shall be final.

(j) Nothing in this requirement is intended to prohibit or preclude the Contractor from marketing or selling to the United States Government its product lines in existence on the effective date of this order; nor, shall this requirement preclude the Contractor from participating in any research and development or delivering any design development model or prototype of any such equipment. Additionally, sale of catalog or standard commercial items are exempt from this requirement.

(k) The Contractor shall promptly notify the Contracting Officer, in writing, if it has been tasked to evaluate or advise the Government concerning its own products or activities or those of a competitor in order to ensure proper safeguards exist to guarantee objectivity and to protect the Government's interest.

(l) The Contractor shall include this requirement in subcontracts of any tier which involve access to information or situations/conditions covered by the preceding paragraphs, substituting "subcontractor" for "contractor" where appropriate.

(m) The rights and remedies described herein shall not be exclusive and are in addition to other rights and remedies provided by law or elsewhere included in this order.

(n) Compliance with this requirement is a material requirement of this order.

SAVINGS INITIATIVES

CONTRACT NO. N00178-04-D-4047	DELIVERY ORDER NO. 0005	AMENDMENT/MODIFICATION NO. 55	PAGE 92 of 94	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

The following cost savings initiatives are required under this Task Order:

Annual Labor Escalation: Less than 4.0%

Fixed Fee: 8.0%

Maximum Pass Thru rate applicable to subcontractors/consultants: 6.0%. The contractor also agreed to limit the pass-thru charged to subcontractor /consultant items of other direct cost charged under the ODC CLINs to the lesser of 6.0% or his DCAA-approved handling rate.
